NAMITA GIRI

Frontend / Full-Stack Web Developer

Hetauda-4, Makwanpur, Nepal • +977 9817253042 • namitagiri783@gmail.com • github.com/namita430 • linkedin.com/in/namita-giri-834a93323

SUMMARY

Final-year BSc CSIT student with hands-on experience building full-stack web applications using React, Django REST Framework, MySQL, and Firebase. Skilled at turning designs into responsive, production-ready interfaces and integrating real-world systems such as payment gateways and real-time databases. Comfortable using AI-assisted development tools to accelerate delivery without compromising code quality.

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Responsive Design

Backend & Data: Python, Django, Django REST Framework, MySQL, Firebase Realtime Database

Tools: Git, GitHub, Netlify, Postman

AI-Assisted Development: GitHub Copilot, ChatGPT, prompt engineering for debugging & optimization

Also familiar with: C, C++

PROJECTS

SkillConnect Nepal — Full-Stack Service Marketplace | *Django REST Framework, React.js*

- Architected and built a full-stack marketplace connecting customers with local service providers, pairing a Django REST API backend with a React front end
- Designed the end-to-end booking workflow, from provider discovery to service request submission
- Set up and debugged the complete local development stack for smooth iteration and testing

SmartBite — Smart Restaurant Ordering & Billing System | *JavaScript, Firebase Realtime Database*

- Built a real-time ordering and billing system, migrating storage from localStorage to Firebase Realtime Database for live sync across devices
- Implemented real-time order tracking with Firebase onValue() listeners, linking order completion to automatic table reservation release
- Developed an admin panel with full CRUD functionality for menu and order management; deployed live on Netlify

Portfolio Website (In Progress) | *HTML, CSS, JavaScript*

- Designing and developing a fully responsive personal portfolio to showcase projects, skills, and contact information

EXPERIENCE

Compulsory Mathematics Teacher | *2079 – 2082 B.S.*

- Taught Compulsory Mathematics, planning lessons and explaining concepts clearly to students at varying skill levels
- Built strong communication, patience, and mentoring skills through consistent, long-term classroom engagement

CERTIFICATIONS

- Nobel Internship Program (90 Hours) — intensive internship training in real-world development practices
- Python with Django — backend logic, database integration, and MVC architecture
- Generative AI Mastermind — prompt engineering and applied use of 11+ AI tools (ChatGPT, Gemini, Whisper Flow, Suno, Perplexity, OpenRouter)

EDUCATION

Tribhuvan University — BSc Computer Science and Information Technology (8th Semester)
2079 B.S. – Present

Hetauda School of Management and Social Sciences — +2, Science Faculty
2077 B.S. – 2079 B.S.
